REVIEW OF PERMIT, PERFORMANCE STANDARDS PERMIT CONDITION REQUIREMENTS

1. Substantiate the elements on this inspection by checking the appropriate performance standard.
 - a. For COMPLETE inspections provide narrative justification for any elements not fully inspected unless element is not appropriate to the site, in which case check Not Applicable.
 - b. For PARTIAL inspections check only the elements evaluated.
2. Document any noncompliance situation by reference the NOV issued at the appropriate performance standard listed below.
3. Reference any narratives written in conjunction with this inspection at the appropriate performance standard listed below.
4. Provide a brief status report for all pending enforcement actions, permit conditions, Divison Orders, and amendments.

1. Permits, Change, Transfer, Renewal, Sale

The Division renewed the permit for the Trail Mountain Mine on February 9, 2010; effective date of the new permit was February 21, 2010.

4.b Hydrologic Balance: Sediment Ponds and Impoundments

The incised pond is snow covered, as seen from the County road. The 4th quarter impoundment inspection for the mine site pond was conducted on December 3, 2009. No signs of instability or other hazards were reported during the inspection performed by Mr. John Christensen, P.E. He certified his report on January 28, 2010.

4.d Hydrologic Balance: Water Monitoring

The DOGM water monitoring data base contains the third quarter 2009 data for the Trail Mountain permit area. DMR's for January 2010 were reviewed. There were no discharges reported.

7. Coal Mine Waste, Refuse Piles, Impoundments

There are no waste rock piles associated with the Trail Mountain Mine permit area. Cleanout material from the mine site sediment pond is transported to and disposed of at the Cottonwood / Wilberg active waste rock site.

8. Noncoal Waste

The site is snow covered; there have not been any problems with noncoal waste at this site in the past.

15. Cessation of Operations

There has been no change to the operational status of this site.

16.a Roads: Construction, Maintenance, Surfacing

The site is snow covered.

16.b Roads: Drainage Controls

The site is snow covered.

21. Bonding and Insurance

The current liability insurance remains in effect through August 28, 2010. All R645 requirements relative to liability insurance are being met. The bond amount in place to ensure reclamation of this site is \$ 1,354,000. Travelers Casualty and Surety Company of America is the surety (A.M. Best rating of A +).
