This application for a mining and/or reclamation permit is submitted to the State of Utah, Department of Natural Resources, Division of Oil, Gas and Mining, in accordance with the Utah Coal Mining and Reclamation Act, Title 40, Chapter 10, U.C.A., 1953 (as amended); the applicable rules and regulations adopted thereunder; the Surface Mining Control & Reclamation Act of 1977, and applicable regulations adopted thereunder (30 CFR 770, et seq.), the Cooperative Agreement between the State of Utah and the United States Secretary of Interior, and other applicable laws and regulations. The information divulged in the following sections is common to the four said permits held by PacifiCorp. Any information specific to a particular permit is listed under the related permit name.

R645-301-112: Identification of Interests

PacifiCorp, an Oregon Corporation, was incorporated on August 11, 1987. On January 9, 1989, Utah Power & Light Company (UP&L), a Utah Corporation, and PacifiCorp, a Maine Corporation, were merged with and into PacifiCorp, an Oregon Corporation. At that time, all outstanding shares of Capital Stock of PacifiCorp (Maine) and UP&L were converted into shares of capital stock of PacifiCorp (Oregon). UP&L became a Division of PacifiCorp (Oregon). On October 1, 1990, Energy West Mining Company, a wholly owned subsidiary of PacifiCorp, replaced the UP&L Mining Division as operator of the Utah mining operations. PacifiCorp now owns the following mines in Utah: the Deer Creek Mine, the Cottonwood Mine, the Trail Mountain Mine and the Des-Bee-Dove Mine (currently sealed and under reclamation).

The following background information is provided on the changes in ownership of PacifiCorp. On November 29, 1999, PacifiCorp was acquired by Scottish Power. Later on, effective as of March 21, 2006, MidAmerican Energy Holdings Company (MEHC) acquired PacifiCorp from Scottish Power. MEHC is a global energy company based in Des Moines, Iowa. With this change, PacifiCorp retains its original corporate identity within the MEHC organizational

structure. PacifiCorp, an Oregon corporation, remains the same Oregon corporation today as when initially incorporated on August 11, 1987. PacifiCorp continues to operate as a public utility providing electric service to customers in the six western states of Oregon, California, Washington, Idaho, Utah and Wyoming.

MEHC Organization Structure

Currently all PacifiCorp shares are owned by PPW Holdings LLC, which is a wholly-owned subsidiary of MEHC. In turn, MEHC is a majority-owned subsidiary of Berkshire Hathaway Inc. Based on information and belief, none of PPW Holdings LLC, MEHC nor Berkshire Hathaway Inc. or any of their respective corporate officers or directors, owns or controls or previously owned or controlled a coal mining and reclamation operation in the United States within the five years preceding the date of this filing, except as follows:

- (1) Walter Scott, Jr. is a Director of both Berkshire Hathaway Inc. and MEHC. Mr. Scott also serves in Board of Directors capacities on behalf of the companies listed immediately below which own or control, or previously owned or controlled, coal mining and reclamation operations in the United States within the five years preceding the date of this filing:

Level 3 Communications, Inc. – Mr. Scott serves as the Chairman of the Board of Directors for Level 3 Communications, Inc., a Delaware corporation, which engages in coal mining operations through a subsidiary, KCP, Inc. In turn, KCP, Inc. has a 50% interest in two coal mines: (i) Decker Coal Company in southwestern Montana; and (ii) Black Butte Coal Company in southwestern Wyoming.

Peter Kiewit Sons, Inc. – Mr. Scott serves as a Director of Peter Kiewit Sons, Inc., a Delaware corporation, which engages in coal mining operations through a subsidiary, Kiewit Mining Group, Inc. which operates two coal mines: (i) Decker Coal Company in southwestern Montana; and (ii) Black Butte Coal Company in southwestern Wyoming. Kiewit Mining Group, Inc. also engages in further mining operations through a subsidiary, Buckskin Mining Company, which owns and operates the Buckskin Mine in northeast Wyoming. In addition, Peter Kiewit Sons, Inc. engages in coal mining

operations through a subsidiary, Walnut Creek Mining Company, which owns and operates the Calvert Mine in eastern Texas.

- (2) William Henry Gates, III is a Director of Berkshire Hathaway, Inc. Mr. Gates also is the owner of Cascade Investment, LLC which, in turn, owns approximately 10% of Magnum Coal Company. The Magnum Coal Company owns and operates the following coal complexes in West Virginia: Apogee, Hobet, Catenary, Jupiter, Remington, Dakota and Panther.

The information required by the regulations with respect to PacifiCorp and its officers and directors is contained herein as part of Appendix A.

APPLICATION FOR PHASE II AND III BOND RELEASE

**COTTONWOOD/WILBERG MINE
COTTONWOOD FAN PORTAL AREA
C/010/0010
ENERGY WEST MINING COMPANY
P.O. BOX 310
HUNTINGTON, UTAH 84528**

PacifiCorp, by and through its wholly-owned subsidiary, Energy West Mining Company ("Energy West") as mine operator, has filed with the Division of Oil, Gas and Mining an application for Phase II and III Bond Release for 7.47 acres of the Cottonwood Fan Portal Area of the Cottonwood/Wilberg Mine.

The Cottonwood Fan Portal Area is located in the E1/2 of Section 25, Township 17 South, Range 7 East, S18E. The surface and subsurface lands are owned and controlled by the Corporation of the Presiding Bishop of the Church of Jesus Christ of Latter-Day Saints (LDS Church). PacifiCorp is the Lessee of Record for these lands to conduct surface and underground mining activities. Mining activities in this area are no longer being conducted. Total disturbance associated with the Cottonwood Fan Portal site is approximately 7.47 acres.

This portal site was initially disturbed under an exploration permit issued by the State of Utah for determining subsurface engineering design data for a major portal facility. This site included two small soil stockpiles, and a disturbed drainage collection system with two small sedimentation basins at the bottom of the slope. Following updated plans and mining needs, the once proposed fan portal was no longer required. Subsequently, final reclamation of the disturbed area was initiated. Approximately half of the disturbed area was reclaimed in 1981. The remaining portion was completed in November of 1998. The remaining 1.86 acres of disturbed area within the vicinity of the Cottonwood Fan Portal Area includes a soil stockpile area and a sealed portal site (belt and travelway) into the Cottonwood Mine. The sedimentation basins were reclaimed in June of 2002. Phase I bond release was approved on March 16, 2004.

A Surety Bond is posted with the Division for the Cottonwood/Wilberg mine in the amount of \$3,252,000.00. PacifiCorp is requesting Phase II and Phase III release of reclamation liability. The incremental bond amount that is being requested is \$109,791.00 (2010 dollars).

A copy of the Phase II Bond Release application may be examined at the office of the Division of Oil, Gas and Mining, 1204 West North Temple, Suite 1210, Salt Lake City, Utah 84114-0001 and also at the Recorder's Office located in the Emery County Courthouse in Castle Dale, Utah. Any comments, objections, or requests for an informal conference may be submitted to the Division of Oil, Gas, and Mining addresses above. Said comments must be submitted thirty (30) days from the date of the last publication of this notice.

This notice is being published to comply with the Surface Mining Control and Reclamation Act of 1977, and State and Federal regulations promulgated pursuant to said Act.
Published in the Emery County Progress August 10, 17, 24, and 31, 2010.
