Dear Ms. Vicky Miller:

Re: Request for Evaluation of Compliance with Rule R307-401-9, UAC: Small Source Exemption  
Project Fee Code: N156760001

On July 14, 2016, the Division of Air Quality (DAQ) received your request for a small source exemption for Canyon Fuel Company, LLC- Fossil Rock Mine. The source is located at County Road 506, 1/2 mile from SR 29, Emery County. DAQ has determined the small source exemption applies to the source, as long as the equipment and associated processes operate as specified in the registration request.

The small source exemption does not exempt a source from complying with other applicable federal, state, and local regulations and the current Utah Administrative Code. Based on the emissions that you submitted to DAQ with your registration request, Canyon Fuel Company, LLC- Fossil Rock Mine is not required to obtain an approval order under R307-401. If you change your operation such that there is an increase in emissions, we recommend that you notify us, as an approval order may be required.

As authorized by the Utah Legislature, the fee for issuing this small source exemption is a one-time filing fee in addition to the actual time spent by the review engineer and all other staff on the project. Payment should be sent to DAQ upon receipt of the invoice.
