Hi Bryant,

We'll go ahead and allow another extension on the Fossil Rock mid-term response. The due date for you to get it into us is November 30th, 2017.

Regards,
Steve

Steve,

We have had to focus on some critical permitting for SUFCO during the past few months and we are still working on getting amendments associated with the Fossil Rock Mine completed. We are requesting an additional extension on the Mid-Term submission for Fossil Rock, another 30 days would be sufficient. This would make the submission deadline November 30th, 2017. Before this new deadline we will submit both the Boundary Change Amendment and the Mid-Term response for Fossil Rock. Let me know if you have any questions or concerns and please send a response either confirming or denying this request.

Thanks,

Bryant Bunnell
