Hi Bryant,

We've heard about the recent changes in leadership and are understanding for the delay in your response to the Fossil Rock midterm. I'm granting you an additional two weeks to the response date of August 17th to give you enough time to gather the signatures. Your new response date will be set to August 31st, but you are welcome to send in the documentation anytime before this date. Let me know if you have any questions.

Thanks,  
Keenan

Hi Keenan,

Attached is a cover letter requiring us to submit a response to the midterm review for FR. As part of that submittal it is required that we provide documents signed by members of our corporate management. Due to the recent changes in corporate management personnel I'm expecting documents back close to or the week after August 17<sup>th</sup>, which is the given deadline. Can we be granted an extension to that deadline?

Thanks for your help,
