### Coal Bond Terminated and Accepted

On August 13, 2015, a coal Logical Mining Unit (LMU) bond for Trail Mountain LMU (UTU-73339), with Fossil Rock Resources LLC, as principal and Ironshore Indemnity Incorporated Company, as surety, was accepted by this office.

A replacement bond in the same amount was filed on October 16, 2018, with Fossil Rock Resources LLC, as principal Endurance Assurance Corporation, as surety.

On October 27, 2018 the Price Field Office, determined that the bond adequately covers the bond liabilities on the LMU. Therefore, the period of liability of the above noted bond may be terminated effective the date of receipt of the replacement bond.

This bond has been examined, found to be satisfactory and is hereby accepted effective the date

of filing. This bond covers lease terms and conditions for production on any of the federal coal leases within this logical mining unit. The regulations at 43 CFR 3474.2 does allow for the amount of any bond to be increased when additional coverage is determined to be appropriate. A written request must be submitted when you want to have the period of liability of this bond terminated.
