June 30, 1978

Mr. Ronald W. Daniels  
 Coordinator of Mined Land Development  
 State Department of Natural Resources  
 Division of Oil, Gas and Mining  
 1588 West North Temple  
 Salt Lake City, Utah 84116

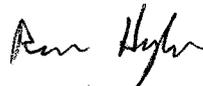

Dear Mr. Daniels:

This letter confirms my telephone conversations with you and Mr. John Blake, of the State Land Board, on June 29, 1978, concerning the future mining of State Coal Leases #ML-25005 and #ML-19797 located in Emery County Utah.

It is my understanding that our Mining and Reclamation Plan for Federal Lease #U-5287, submitted to your office in February 1978 meets with the requirements of your office, and satisfies our obligation for a mining and reclamation plan for these state leases. Furthermore, I understand that we may begin the underground mining of the leases at anytime providing that prior agreement has been made on royalties, and that there will be no disturbance of State surface property that is not covered in our plan, (there are no surface disturbances anticipated). Also, if our mine plan should change to the extent that disturbance of State surface should take place, we must notify your office.

If there is any discrepancies between this letter and your requirements, please notify me.

Sincerely,

Ron Hughes  
 Mine Engineer
