Memo to File:

Re: Emery Deep Mine
Consolidation Coal Co.
Emery County, Utah
ACT/015/015

On November 1, 1978, an initial joint inspection was made of this mine by O.S.M. officials, Murray Smith and Tom Ehmett and Oil, Gas, and Mining personnel, Ron Daniels and Mary Ann Wright. Accompanying the inspection party were Ron Hughes, Mine Engineer, and John Kaufman, Regional Supervisor, for Consolidation Coal Company.

The main items of inspection included the sediment pond and its discharge point into Quitcupah Creek, the proposed sediment pond site for the mine area drainage, and the berm along Christiansen Wash.

(Refer to Tom Ehmett's report for details of the inspection.)
