RE: Emery Deep Mine
Emery County
ACT/015/015

Dear Mr. Luther,

The Division has reviewed and approves the proposed minor modification to build a small (20' x 20' x 16') structure to house PCB transformer at the Emery Mine. However, the Division asks that Consolidation Coal assure us in writing that no archeological site or Sclerocactus wrightiae plants (a federally listed threatened plant) exist within the area of proposed disturbance. It is our understanding that a short road and small pad will comprise the disturbed area.

If you have any questions concerning this requirement please contact me.

Sincerely yours,

A handwritten signature in cursive script that reads "Mary Ann Wright".
