RE: Repair Work
Christiansen Wash Embankment
Emery Deep Mine
ACT/015/015
Emery County, Utah

Dear Mr. Thompson:

The plans submitted by Consolidation Coal Company for the repair work on Christiansen Wash to the Division on September 25, 1981, lacked several items requested by the Division as stipulations in the approval letter dated September 15, 1981. The information still needed is as follows:

Stipulation #1

The applicant should submit a reclamation plan or reference the applicable sections in the permanent program submittal that adequately addresses the requirements of 784.13, including that which will be done for contemporaneous reclamation (i.e., revegetation).

Stipulation #5

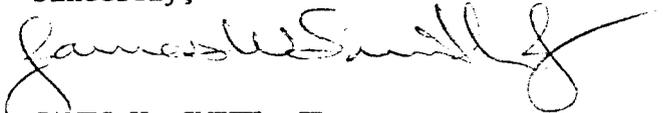

A revegetation plan that meets the performance standards (UMC 817.111 - 817.116) needs to be supplied.

Mr. Ron Thompson

It is requested that these items be submitted to the Division no later than November 2, 1981. Your cooperation is greatly appreciated.

If you have any questions or problems concerning these items or the time frame, please contact Sally Kefer, Lynn Kunzler or myself.

Sincerely,
