RE: Act/015/015

Dear Mr. Young:

Please find enclosed the three mine maps that you requested in your letter dated July 29, 1983. The maps are copies of our actual operating mine map. The maps show areas where pillars have been extracted, (designated by crosshatching). The dates shown in these sections are the approximate times when that general area was mined.

Please let me know if you have need of further information.

Sincerely,

Ronald O. Hughes  
Mine Engineer
