Dear Mr. Braxton:

RE: Submittal of Bond for Emery Deep Mine

Enclosed is bond for Consolidation Coal Company's Emery Deep Mine. As requested by O.S.M. and per our discussions with your office, this bond is inclusive of the Emery Deep Mine and the Prep Plant Area. Consol has chosen the option of adding a Rider to the existing Bond No. 8093-71-80 for the preparation plant area rather than issuance of a new bond. The breakdown of the bond is as follows:

<u>BOND NO. 8093-71-80</u>		
Prep Plant Area	207 Acres	\$2,626,443
Deep Mine Area	<u>40 Acres</u>	<u>828,000</u>
TOTAL	247 Acres	\$3,454,443

Upon approval by your agency, please have the executed duplicate returned indicating "Acceptance" by the obligee.

The attached map is submitted as a legal description of the areas under bond with delineation of the prep plant and deep mine areas.

Should you have any questions, please feel free to contact me at 314-275-2416.

Sincerely,

Nicolaus P. Neumann

St. Louis, MO 63141

Dear Mr. Newmann:

Re: Bonding, Emery Deep Mine, ACT/015/015, Folder No. 2 and 5,
Emery County, Utah

The Division is hereby returning the bond submitted for the Emery Deep Mine due to an improper description of the disturbed area. The submitted bond references 5180 acres of disturbance, while the bond amount calculated by the Division allows for only 40 acres of surface disturbance. Similarly, the attached legal description must be for the bonded area (disturbed area) and not the entire permit area.

A new copy of Form MR-5 is enclosed for your convenience. Please contact me or Randy Harden if you have questions.

Sincerely,

Susan C. Linner
Reclamation Biologist/
Permit Supervisor

Dear Mr. Braxton:

RE: Submittal of Bond
Emery Deep Mine

Enclosed is the completed MR-5 Bond Form for Consolidation Coal Company's Emery Deep Mine along with the required Exhibit "A" - legal description. I hope this will finalize Consol's bonding requirements and allow permit issuance.

Should you require any additional information, please feel free to contact me at 314-275-2416.

Sincerely,

Mr. Victor Ordilja
Consolidation Coal Company
Mid-Continent Region
12755 Olive Boulevard
St. Louis, MO 63141

Dear Mr. Ordilja:

Re: Submittal of Bond, Emery Deep Mine, ACT/015/015, Folder No. 2, 4
and 5, Emery County, Utah

Recently the Washington D. C. Office of the Office of Surface Mining (OSM) has determined that the application for the Emery Deep Mine is approvable. However, in order to receive the actual permits for the mine from the Division of Oil, Gas and Mining (DOGGM) and OSM Consolidation Coal Company must now submit the required bond for reclamation of the mine.

The required bond amount is \$828,000. A detailed breakdown of the bond amount is presented in DOGM's Final Technical Analysis for the Emery Deep Mine, which was sent to Mr. Ervin Anderson of your office on March 1, 1985.

Included with this letter is a bond form which must be completed and submitted to finalize bonding requirements. Please contact me or Randy Harden of my staff if you have questions.

Sincerely,

L. P. Braxton
