Re: Land Owner Notification
Subsidence Control
Emery Deep Mine

Dear Mr. Lof:

As per our conversation today, I want to inform the D.O.G.M. of Consol's intention to send out landowner notification of subsidence control as per Chapter 1, Section UMC 817.122 of "Regulations Pertaining to Surface Effects of Underground Coal Mining Activities". These notices will be sent out of Consol's Mid-Continent Region office (St. Louis) no later than February 7, 1986. As discussed, this time period is necessary in order to review the language of the notifications with Consol's Legal Department in Pittsburgh and to follow our corporate policies with regards to subsidence issues.

Should you require any additional information regarding this matter, please feel free to contact me at 314-275-2416.

Sincerely,

A handwritten signature in cursive script, appearing to read "Nicolaus P. Neumann".
