Dear Mr. Neumann:

Re: Conditional Approval, Lewis Property Restoration Plan, Emery Deep Mine, ACT/015/015, Folder No. 2 and 4, Emery County, Utah

Review has been completed on the Lewis Property Restoration Plan, received October 29, 1986 and updated November 7, 1986. The U. S. Soil Conservation Service has reviewed the plan and recommended that the proposed scope of work be initiated this fall. The Division concurs and hereby approves the plan, contingent upon satisfactory response to the following condition. Reconstruction of the property may begin while the condition is being satisfied.

Condition UMC 817.121 - DD

The operator shall submit, by December 31, 1986, a map showing isopleths of the subsided area to establish a record of mine subsidence.

Please contact myself or Dave Darby if you have questions.

Sincerely,

Susan C. Linner
Reclamation Biologist/
Permit Supervisor
