Dear Mr. Meschede:

Re: Final Approval of Request to Terminate Specialized Stream
Sampling Program, Consolidation Coal Company, Emery Deep Mine,
ACT/015/015-86C, Folder No. 4 and 9, Emery County, Utah

The application for MRP permit amendment submitted by Consolidation Coal Company on July 17, 1986 has been reviewed by the Division. The submittal requested that the specialized water quality sampling program for Christianson Wash be terminated. The Division concurs with the rationale and justification of your request, and approval is hereby granted to terminate the sampling program.

Thank you for your cooperation in this matter. Please contact me or Dave Cline should you have any questions.

Sincerely,
