Dear Mr. Neumann:

Re: Completeness Review of MRP Amendment, Reconstruction Plan at
Revegetation Demonstration Site, Consolidation Coal Company,
Emery Deep Mine, ACT/015/015-87A, Folder No. 2, Emery County,
Utah

The Division has completed the review of the above referenced Mining and Reclamation Plan Amendment request received June 30, 1987. The application has been found complete and technically adequate. The implementation changes during actual reconstruction, the change in the irrigation scheme, and the results of the soil testing and seed certification information will be included as part of the approved Permit Application Package (PAP) for the Emery Deep Mine.

Should you have any questions or concerns regarding this approval, please don't hesitate to call.

Sincerely,

Susan C. Linner
Reclamation Biologist/
Permit Supervisor
