Dear Mr. Denning:

Re: Mid-Permit Term Review Stipulations, Emery Deep Mine,
ACT/015/015, Folder #2, Emery County, Utah

The Division has received documents on May 1 and May 15, 1989 in response to the March 29, 1989 Mid-Permit Term Review (MPTR) stipulation response letter. Consolidation Coal Company's responses to the remaining stipulations have been found to be adequate. All MPTR stipulations have now been adequately addressed. Effective immediately, the proposed plan for monitoring prior to slurry cell construction may be implemented, using the parameters listed on Table 1 of the MPTR submittal.

Please submit seven (7) additional copies of these responses for distribution by June 16, 1989.

Sincerely,

A handwritten signature in cursive script that reads "Susan C. Linner".
