Dear Mr. Haddock:

One of the permit conditions for the renewal of Permit ACT/015/015 for Consolidation Coal Company's Emery Mine was to provide an updated seed mixture by April 7, 1991. We have been working with D.O.G.M. to develop the new mixture but will not finalize the plan by the deadline.

Consolidation Coal Company requests a thirty (30) day extension to satisfy condition #3 of the permit renewal.

If you have any questions, please contact me.

Sincerely,

Kevin L. Cheeks
Supervisor,
Environmental Quality Control Dept.
