Dear Mr. Cheeks:

Re: Certificate of Insurance, Consolidation Coal Co., Emery Deep Mine,
ACT/015/015, Folder #2, Emery County, Utah

The Division received your revised Certificate of Insurance and Rider to Bond No. 188617 on October 7, 1991. Thank you for your prompt reply to our request. There are however, a few problems with the certificate of insurance that must be corrected.

- 1) Utah regulation R614-301-890.100 requires insurance coverage in the amount of at least \$300,000 for each occurrence and \$500,000 aggregate. Your certificate does not specify an aggregate amount.
- 2) Under the cancellation section the form must be amended to say, "Should any of the above-described policies be changed and/or canceled before the expiration date thereof, the issuing company will mail (certified) 45 days written notice the the Certificate Holder named to the left."
- 3) The mine permit number must be specified under the operations section.

Enclosed please find a copy of the letter that was sent to Dee Bray on June 17, 1991, regarding liability insurance. You may want to use it as a reference for determining compliance. We encourage you to correct the deficiencies listed as quickly as possible so as to avoid enforcement action. If you have any questions please call.

Sincerely,
