Dear Mr. Settle:

Re: Approval of Amendment 92-A, Response to December 17, 1991 Inspection Report, Consolidation Coal Company, Emery Deep Mine, ACT/015/015-92A, Folder #3, Emery County, Utah

The revised Plates II-1 and IV-10 and pages 5 and 5a of Appendix IV-7-C that were submitted with amendment ACT/015/015-92A are hereby approved. Consol must revise the plates to indicate that the berm, along the southeast outslope of the plant access road, is existing rather than proposed, and submit fourteen (14) copies of the revised plates to the Division.

Your patience during this long approval process has been appreciated. The review of this information was delayed by several pending amendments and renewals.

Sincerely,

A handwritten signature in black ink that reads "Daron R. Haddock".
