Dear Mr. Cheeks:

Re: Change in Backfilling Plan, Diesel Tank Excavation, Consolidation Coal Company, Emery Deep Mine, ACT/015/015-91C, Folder #3, Emery County, Utah

On January 6, 1992, the Division received your change in plans for backfilling the hole created by the removal of a diesel tank at the Emery Mine. Your plan to partially fill the hole with material that was excavated from the canyon floor during the underground tank removal project is acceptable to the Division and you are hereby authorized to proceed. Please keep us informed as to your progress in completing this project.

Thank you for your cooperation.

Sincerely,
