Re: Approval of Contemporaneous Seed Mix, Consolidation Coal Company, Emery Deep Mine, ACT/015/015-94B, Folder #3, Carbon County, Utah

Dear Mr. Gefferth:

The Division has completed a review of the information we received on March 7, 1994 which provides for the use of an alternate contemporaneous reclamation seed mix for the Emery Deep Mine. The submittal was found to be complete and accurate and is hereby approved for insertion to your Mining and Reclamation Plan as amendment 94B.

Thank you for your help during the permitting process. Please call if you have any questions.

Sincerely,
