Permit No. ACT/015/015 #6  
1994 Annual Report

Dear Mr. Braxton:

As required by the Division, please find attached the 1994 Annual Report for the Emery Deep Mine.

Monitoring Items D and H of your January 18, 1995 letter are not addressed in this report since our permit does not require monitoring of precipitation or other climatological conditions nor are annual samples collected for overburden, spoil, refuse, roof, floor and mid-seam data.

If you have any questions or need additional information, please contact me at the above location.

Sincerely yours,
