Dear Sir/Madam

I have enclosed a copy of Consolidation Coal Company's Emery Deep Mine UPDES Discharge Monitoring Reports for the reporting period from May 1, 2001 through May 31, 2001.

Outfall 004 is presently inactive but is expected to start discharging again sometime this year.

Outfalls 002, 004, 005, 006, 007 and 008 did not discharge during the reporting period. Discharge Monitoring Reports for these outfalls are designated as "No Discharge". We are out of pre-printed DMR forms and have not received any new forms.
