Re: Section 7 Consultation on 4th East Portal Development, Consolidation Coal Company, Emery Deep Mine, C/015/015-DO02A, Outgoing File

Dear Mr. Harris:

The Division of Oil, Gas and Mining approved facilities construction on 22 acres in 1990. The facilities were never constructed. The Division has ordered the mine to update the original permit. The 4th East Portal Development to the Emery Deep Mine is located about 5 miles south of Emery. I have attached a map depicting the location of the permit area.

Please supply a list of listed and proposed threatened and endangered species that might occur in this area. After we receive this list, we will evaluate the potential for each species to be in the area and to be adversely affected and notify you.

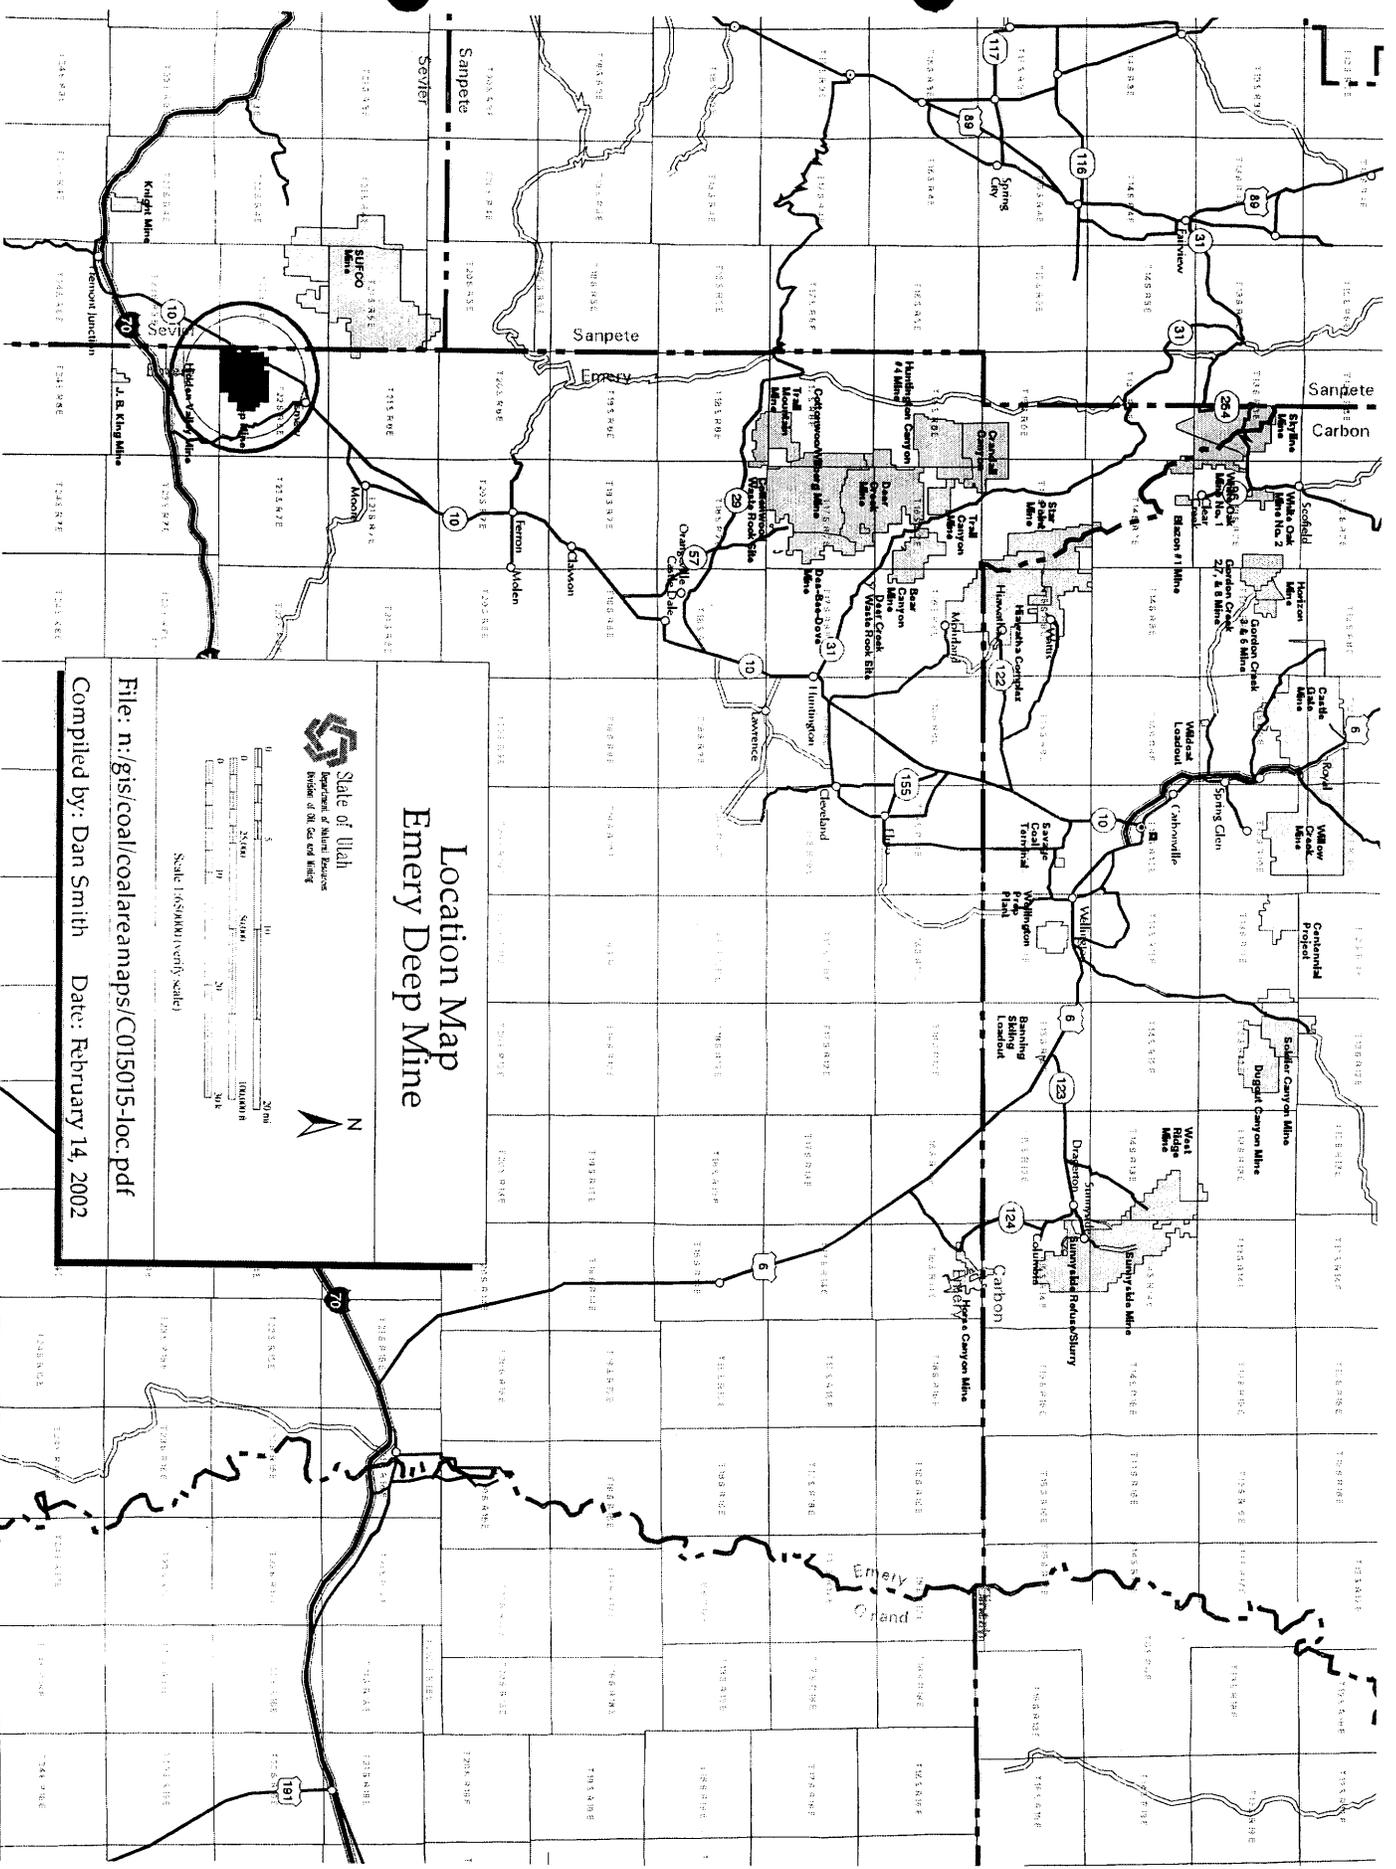

If you have any questions about this project, please call me at (801)-538-5325 or Susan White at (801)-538-5258.

Sincerely,

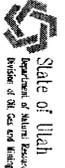

A handwritten signature in cursive script that reads "Daron R. Haddock".

Daron R. Haddock
Permit Supervisor
