Re: Division Order Updating Probable Hydrologic Consequence (PHC),
Consolidation Coal Company, Emery Deep Mine

Dear Ms. Grubaugh-Littig:

This letter is to request an extension of time for 60 days to comply with the Division Order to update the PHC for this facility. The time extension is necessary to provide for developing new mapping and inputting much of the baseline data used for the statistical analysis of the groundwater wells. Therefore, we request an extension until August 1, 2003.

If you have any questions concerning this request, please contact me at this office.

Sincerely,

A handwritten signature in black ink, appearing to read 'Timothy D. Kirschbaum'.
