We can reschedule the "Reclaimability" discussion sometime in the future. I will keep you posted. I spoke with Tim this morning and he said that John Zachwieja is no longer the VP over the Emery Deep operations. The new VP is Ron Stovash (as of 4/9/03).

We received the abatement plan for the violation by Fed Ex yesterday. FYI.

Pam,

Seth may have already contacted you, but things have changed and John Zachweija was called back to Pittsburgh for one thing or another. Therefore, we will not be visiting with you tomorrow. To save a trip I also cancelled my departure and will try to schedule something within the next 2 weeks. I talked with Priscilla yesterday and she mentioned the week of April 21 - 25 would perhaps be better to discuss the Reclaimability Study. Jeri-Ann will be back and Susan as well?

Hopefully, Mr. Zachweija will reschedule a time with you. I believe he felt it was important to meet with you.

I left a voice message on Mary Ann's phone. Please extend my apology to all for our cancellation.

The application addressing the NOV was Fed Ex last night to your department (4 copies) and 1 copy Fed Ex to PFO.

Tim
