Re: Emery Deep Mine Permit C/015/015
Amendment to MRP (second additional info, updated pre- subsidence survey Zero North, 4th E, 6th W panel.)

Dear Mrs. Grubaugh-Littig:

Please consider this additional information pertaining to August 3, 2007 PHC update and full extraction amendment to the Mine Reclamation Plan for the Emery Mine. Enclosed please find three (3) copies of the submittal containing your staff's requested changes as redline strikeouts. Also attached please find executed C1 and C2 forms. A copy has been forwarded to your Price field office. A cd will be forwarded within a few days.

To date Consol has updated the previously approved pre subsidence survey for the 14th and 15th West panel areas, and are approved as Chapter V Appendix V-4. The updated pre-subsidence survey for the 4th East, 6th West and Zero North is included in this submittal as Chapter V, Appendix V-5. Copies of this survey have been forwarded to the respective landowners and water conservation district, and can be viewed at the mine site. Consol has an ongoing program to update the planned subsidence areas prior to mining and submit them as appendices to Chapter V. Based on our future timing and ever changing mine plan, Consol will submit updated pre-subsidence surveys as needed prior to full extraction.

Also included in this submittal is text concerning the Town of Emery well.

If you have any questions concerning this request, please call me at (618) 625-6850.

Sincerely,

John Gefferth
Environmental Engineer
