Subject: Current Condition and Use of Water Right 94-30 and 94-1193 in Sec 29 T22 S R6E.

Dear Mr. Carter:

As you know, Consolidation Coal Co. is currently undermining your land in Section 29, Township 22 South Range 6 East. Both the mine operator and Division Staff are paying close attention to the surface effects of subsidence, if any. The Mining and Reclamation Plan is available for your review in our Price office on 455 West Railroad Ave (telephone # 435-613-1146). The Mining and Reclamation Plan has a copy of the subsidence monitoring plan, maps and other information you may be interested in viewing.

We would like to have an opportunity to meet with you at the site, to discuss the current land use and the Water Right 94-30 and 94-1193 (associated with three springs in Section 29). Would you be available to meet at the site sometime during the month of June 2007? We will have staff members near the site on the following dates: June 12, 13, and 20, but we can arrange a visit at your convenience as well. In reply, please contact Priscilla Burton at (435) 613-1146, Ext. 207 (Price Field Office), or Steve Christensen at (801) 538-5350. We look forward to hearing from you soon.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
