Emery folks,

Here is the file path to the final approval letter for Emery Deeps PHC Update/Full Extraction Amendment (#2951)-
O:\015015.EME\FINAL\WG2951.

Consol has sent in the required number of clean copies and the amendment has been incorporated in the Salt Lake MRP for Emery Deep.

Priscilla indicated that once we finalize this letter, we can attach it to the clean copy for the Price office and send it down for incorporation.

Let me know if there are any questions. I'm thrilled to finally have this one done!

Thanks,
Steve
