Angela,

This amendment is fit for technical review.

Jim--As for the review team, it appears that Red and I are the only ones that need to look at it. It's a very minor amendment.

Hi Steve,

We received the Emery Deep Mine, Lump Coal Pad and Gate, Task ID #3065 on October 1, 2008. **The IR is due on 10/16/08.**

Please notify me, cc to Jim and Daron, when the IR is complete. At that point, I will send an email notification to the operator and Jim will assign a team to review.

Thanks!
Angela
