John,

I saw that Wayne just sent you another e-mail with a number of spreadsheets attached. Let me know if this information is adequate background/justification for you to go ahead and increase the Emery Deep bond as identified in the mid-term deficiency review (Task ID #2975- mailed 10/13/2008).

Thanks,  
Steve

John,

attached is the escalation memo and backup fills for the bond increase.

Please call me if you have any questions.
