Q

John,

Your "third try" will work regarding the acid/toxic roof and floor sampling. I'll go ahead and draft a conditional approval letter if you want to start getting clean copies together. One thing, we still don't have our SHPO concurrence letter yet. With any luck, by the time you get the clean copies in, we'll have it and can put this one to rest.

Give me a call/e-mail if you have any questions.

thanks,
Steve
