Hi John,

I'm starting to get caught up on the Emery WQ reports so I'll be looking at the data closely in the next couple weeks. I was wondering about the reports relative to the Emery Town wells. There's a commitment in the plan to provide those semi-annually. What about those?

Give me a call and we can discuss it.

Thanks,  
Steve

Ian entered all the data on the data base back when you sent the first email.  
Let me know if you can access it.

John,

I sent Ian an e-mail back in early April regarding water quality data (which I'm in the process of going through), and I asked about the semi-annual Emery Town well reports (wells #1 and #2). What's the status of those reports? Have they been sampled as outlined in the plan? Let me know where you're at on those.

Thanks,  
Steve
