John,

I wanted to touch bases with you on the upcoming field visit at Emery Deep. It's my understanding that there has been some discussion as to setting up a date with Patrick Collins, Joe Helfrich and Priscilla Burton. Joe is out of the office this week on vacation so I thought I'd drop you a line. Has a date been established? Additionally, Priscilla has indicated that it would be good for a soil scientist to be in attendance during the field visit as well.

Give me a call or shoot me an e-mail when you get a chance.

Regards,  
Steve
