---

Richard,

Thanks for the heads up. Unfortunately, I won't be able to meet you at the site. I have some significant deadlines looming later this week and early next. I apologize for that. I would've liked to have gone, but I can't swing it this week.

Please let me know how it goes. I'll be curious to hear what you find (or if we're lucky..what you don't find).

Regards,  
Steve

Steve:

We are planning on being at the Emery Mine tomorrow (and Wednesday if needed) to conduct our investigation of oil in selected monitoring wells. You are welcome to accompany us if you desire. If you have questions concerning our starting time, etc. please contact Tim Jimenez of our office (801-561-1555).

Rich White
