Re: Emery Deep Mine Permit C/015/015  
Midterm Review task id #4363

Dear Mr. Haddock:

Per your July 3, 2013 Midterm Review memo Task #4363, and subsequent call by John Gefferth with Steve Christensen of your staff earlier yesterday please consider this a request for a time extension to the August 14, 2013 deadline. Consol has retained Civil & Environmental Consultants (CEC) to respond to the deficiencies outlined in the Midterm Review.

Consol requests that the deadline to submit be extended until September 14, 2013. This will allow CEC time to review the files and respond accordingly.

If you have any questions concerning this request, please contact me at (724) 485-4267.

Sincerely,

Kerry Goodballet P.E.  
Director of Permitting - Coal
