Hi Rich,

Thanks for the update. I apologize for not getting back to you sooner. I wanted to ask what the status was of the other action items we discussed namely the Emery Deep permit amendment that addresses the monitoring well issues/monitoring program and the subsequent revision to the PHC. Do you have any idea when that might be coming in?

Regards,
Steve

Steve:

I am working on the Emery Mine groundwater monitoring update for 2014. I hope that have that to you the beginning of next week.

Thanks for you patience.

Rich
