Hi John,

Since Daron is out today and this is timely I thought I would respond. Due to the difficulty you have had getting a contract finalized with JBR I am granting an extension for submittal of the Hidden Valley and Emery Deep Annual Reports. You have until April 13.

Thank you,
Dana

Per our discussions in the meeting today, please consider this an extension request to submit the Emery and Hidden Valley Annual reports.

I have been attempting to compile the field work completed by outside consultants for CONSOL prior to the sale and still have a few reports that need to be finalized. The most important one is the macro invertebrate study conducted by JBR/now Stantec. Once Stantec is under contract I will compile the reports and submit. I hope to have them compiled for submittal by the week of April 3.

Thank you for the Divisions patients and assistance in this asset sale, permit transfer and now expansion project.

Lets be SAFE out there
