Subject: Concrete Pads, Emery Deep Mine, Bronco Utah Operations, LLC, C/015/0015, Task ID #5179

Dear Mr. Baker:

The above-referenced amendment has been conditionally approved for incorporation into the Emery Deep Mining and Reclamation Plan (MRP). Final approval will be granted when the following conditions have been met:

- 1) The titles of the three new demo sheets provided in the bonding analysis must be revised from 'Trash Pit 44' to 'e2 Substation pads e1', 'e2 loadout pads e2' and 'e2 S & C pads e3'.
- 2) Provide two clean hard-copies prepared for incorporation into the Emery Deep mining and reclamation plan (MRP).

Upon receipt of the clean-copies with the aforementioned revisions, a stamped incorporated copy will be returned to you for incorporation into your copy of the MRP. Thank you for your help during this process. If you have any questions, please feel free to call me at (801) 538-5350.

Sincerely,

Steve Christensen
Permit Supervisor
