Emery, Utah 84522

Subject: Extension Granted for Midterm Permit Review and As-builts, Task #5670, Bronco Utah Operations LLC, Emery Deep Mine, C/015/015

Dear Mr. Pappas:

The Division received your request for an extension of time to submit the midterm responses and as-built designs for the Emery mine on December 18, 2018. Your request is hereby granted. You now have an additional 45 days which extends the deadline to February 14, 2019 to address these issues. Please make every effort to complete this requirement. This will be the last extension that will be granted to complete these issues. No further extensions will be considered.

It is recognized that you have been working with our staff (Justin Eatchel) to update and finalize your bond cost estimate. With this extension, you must ensure that the final bond amount that is determined will be posted with the Division by no later than the February 14, 2019 date.

If you have any question, please call Steve Christensen at (801) 538-5350 or Justin Eatchel at (801) 538-5437.

Sincerely,

Daron R. Haddock  
Coal Program Manager
