## DEPARTMENT OF NATURAL RESOURCES

BRIAN C. STEED  
Executive Director

### Division of Oil, Gas and Mining

JOHN R. BAZA  
Division Director

04/27/2020

**To:** OGMCOAL File

**From:** *Stephen J. Demczak*

**RE:** Status Update of *Emery Mine, C/015/015*

Presently, there has been very little maintenance required by Bronco at the Emery Mine, due to the lack of any significant precipitation. The Inlet culvert on the North side of Pond #4 (facing the crusher building) was recently cleaned out by Kevin Peterson, Surface Superintendent, with all other culverts and ditches/diversions functioning properly as designed. Roadways are watered on a continuous basis as to maintain fugitive dust control.

Bronco recently received Final approval for the Full Extraction Amendment, and the 2019 Annual Report for the Bronco Mine was submitted to the Division on April 15, 2020. There are no plans to be submitting an amendment to the Division in the near future.

First quarter sediment pond and refuse pile inspection was February 27, 2020.
