Inspection Memo
to Coal File:

Re: Utah Power and Light Co.
Church Mines (Des-Bee-Dove)
ACT/015/017
Emery County, Utah

The above mentioned operation was given a follow-up inspection on January 8, 1980 by Doug Stewart and Joe Helfrich from the Division of Oil, Gas and Mining and Ron Gregg and Vern Maldonado from the Office of Surface Mining. The purpose of the inspection was to abate the following violations:

1. Failure to have a copy of the existing mine plan or approval at or near the mine site.
2. Failure to construct and maintain surface runoff control structures to prevent erosion on the downslope.

Atatement measures taken are as follows:

1. The 211 mine plan tentatively approved by the state Division of Oil, Gas and Mining was available at the mine site containing letters of approval.
2. The berm has been extended along the storage pad to prevent further erosion.

No other violations were issued.
