RE: Mine Plan Review  
Utah Power and Light Company  
Des-Bee-Dove Mine  
ACT/015/017  
Emery County, Utah

Dear Mr. Smith:

This office has completed its review of the above mentioned Mining and Reclamation Plan. The construction appears to be adequate. Page 3-45 of Volume 2 is in error as is the interoffice correspondence from J. P. Davidson to M. D. Miller contained on Page 3, Appendix VIII, Volume 3. The State Engineer did not review the plan prior to construction.

Page 3-48 states that surface waters are captured and Wilburg Mine waters are used. The proper water filings should be made to cover these new appropriations.

Sincerely,

*Robert L. Morgan*  
Dee C. Hansen, P. E.  
State Engineer
