Gentlemen:

RECEIVED
 MAR 16 1982

CONVEYOR BELT STOCKPILE
 STORAGE AREA
 DIVISION OF
 OIL, GAS & MINING

Enclosed is the amended right-of-way U-37642 which has authorized your change of use on a portion of the existing right-of-way from a coal storage area to a waste rock storage area.

No additional rent will be required since you are already paying rent for the affected area. Also, since the original grant was a cost reimburseable project, project No. FJ03, the cost of processing, issuing, and monitoring this amendment will also be charged against that project. You will continue to be billed as you have been in the past, on a quarterly basis. The preapplication fee of \$250.00 filed with this amendment will also be credited to your FJ03 account.

If you have any questions regarding this matter, please contact us.
