Dear Mr. Beardall:

In accordance with state regulations concerning coal mining permits we are instructed to contact you for purposes of determining if any "prime farm lands" exist within established coal mine permit boundaries.

The mines requiring this determination are the Deer Creek Coal Mine, Wilberg Coal Mine and the Des-Bee-Dove Coal Mine. Each mine is depicted on the attached exhibits (maps) and are marked accordingly A, B and C.

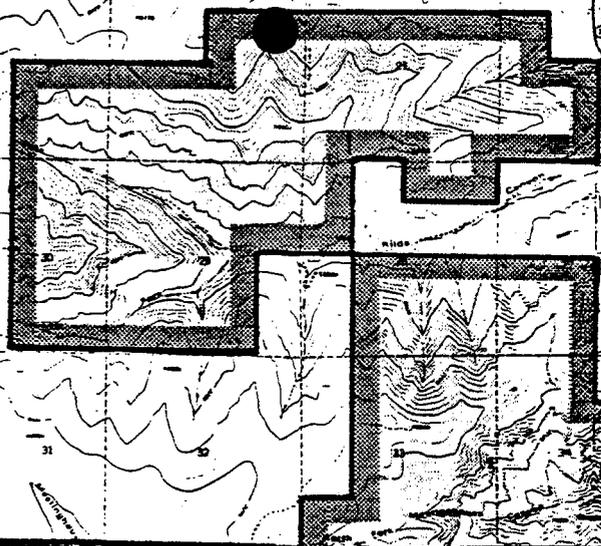

We request that a soil survey be made (if not mapped) to determine that no prime farm land exists.

Sincerely yours,

C. E. Shingleton
