RE: Patterns of
Violations

Dear Mr. Heward:

A review of the Division's files on the compliance history of your company has revealed that a pattern of violations as described in Rule UMC 843.13(b) exists for the Church Mine. The pattern exists by virtue of notices N81-1-2-1, N81-6-1-2, and N82-4-1-1, all State violations which involve hydrologic balance. These violations were issued during the period between May 5, 1981 and May 1, 1982.

By copy of this letter to Ms. Barbara Roberts, Assistant Attorney General, I am requesting her assistance in issuing an Order to Show Cause to Utah Power & Light Company for consideration at the March 1983 Board of Oil, Gas and Mining Hearing. The order will direct Utah Power & Light Company to show cause why the Church Mine permit and right to mine under the Act should not be suspended or revoked.

Please contact me if you have any questions on this determination.

Sincerely,

RONALD W. DANIELS
DEPUTY DIRECTOR
