November 19, 1985

Mr. Lowell Braxton
Division of Oil, Gas & Mining
355 West North Temple
3 Triad Center, Suite 350
Salt Lake City, Utah 84180-1203

ACT/015/017
#7

REGARDING: Des-Bee-Dove N.O.V. 85-2-22-1
Sediment Pond Access Road

Dear Mr. Braxton:

As discussed yesterday, November 18th, 1985, it is our intention to submit to you an alternate plan addressing the upgrading of the existing road to Class III standards, realizing that some areas may need additional emphasis beyond the Class III standards. This alternate plan will be sent to you by the 13th of December.

Those specific areas discussed yesterday and any other that arise from the on-site tour this Wednesday the 20th will be addressed. Also historical data on past usage will also be provided.

Your attention to this issue plus your help and that of your technical people is appreciated. Should further information or questions arise please contact me.

Sincerely,

Larry J. Guymon, P.E.
Construction Manager
