DIVISION OF OIL  
GAS & MINING

Dear Mr. Jense:

Enclosed is the Des-Bee-Dove Mine Complex permit. This permit became effective on June 20, 1985. The Office of Surface Mining (OSM) has received a copy of the bond in the amount of \$1,837,712.00 payable to both the State of Utah and the United States of America.

Please read the permit to be sure you understand the requirements. Pursuant to 30 CFR 775.11, Utah Power and Light Company will have 30 days from the date of notice of the permit decision to appeal the Director's decision on the application.

Enclosed is a copy of the newspaper notice we are sending to the Emery Progress, Emery County, Utah, to be published as soon as possible. When published, this notice will constitute official notification of our action. Any person with an interest which is or may be adversely affected may request a hearing on the reasons for the final decision within 30 days from the date that notice is published.

The Assistant Secretary for Land and Minerals Management approved the mining plan on May 29, 1985. The enclosed permit has been determined to be consistent with this plan.

The Utah Division of Oil, Gas and Mining will assume the lead in administering this permit. Responses to conditions on this permit should be submitted to the Division for processing.

If you have any questions, please feel free to call either me or Mark Humphrey at (303) 844-3806.

Sincerely,

*Richard E. Dawes*
