Letter: Des-Bee Dove Mine
ACT/015/017, #2, Emery
County, Utah

Dear Mr. Daniels:

We have completed our review of the above-mentioned submittal received in this office January 11, 1985. None of the changes involve the established sediment and storm runoff ponds; therefore, past approvals are still valid.

I would request that if surface or underground waters are affected and detected by the subsidence monitoring plan this office should be notified.

Yours truly,

for Dee C. Hansen, P.E.
State Engineer
